

RECYCLING GUIDELINES

Expanded List of Curbside Recyclables

By recycling, together we are doing our part to save natural resources, conserve landfill space, and save energy.

Boxx Sanitation offers Single Stream Recycling, which allows you to put all your recyclables into 1 bin. No sorting required.

Rinse and flatten whatever you can. Please bind together larger amounts of flattened cardboard instead of putting together in a larger cardboard box.

Larger items that don't fit in the bin can go alongside or underneath the bin.

Should an item in your recycling container be deemed as a non-recyclable item, a fee will be addressed if the driver takes the item as garbage. Please call our office for questions.
